PRE-HEALTH PROFESSIONS IN THE RESIDENCE HALLS

Combining on-campus living with your academic program has never been easier than with specialized communities. Enjoy specific programming and the convenience of having other Pre-Health Program students living right next door!

- Make friends and become part of a community where students share common academic and extracurricular interests.
- Get acquainted with and learn from Pre-Health students, faculty and college staff during our floor events and activities.
- Increase your academic success! Gain access to our student success initiatives and resources available to you as a student in the Pre-Health Professions Program.
