Section B: Student Untaxed Income January 2020 – December 2020	Amount
Housing, food and other living allowances paid to members of the military, clergy and others (including cash payments and cash value of benefits). Do not include the value of on-base military housing or the value of a basic military allowance for housing.	\$
Veteran's non-education benefits, such as Disability, Death Pension, Dependency & Indemnity Compensation (DIC) and/or VA Educational Work-Study allowances.	\$
Other untaxed income and benefits not reported on the FAFSA, such as workers compensation, Black Lung Benefits, untaxed portions of Railroad Retirement Benefits, foreign income not taxed by any government, disability benefits, etc., that you (and, if married, your spouse) received in 2020. Also include the untaxed portions of health savings accounts from IRS Form 1040 Schedule 1-line 12. Do not include extended foster care benefits, student aid, earned income credit, child tax credit, welfare payments, untaxed Social Security benefits, Supplemental Security Income, <i>Workforce Innovation and Opportunity Act</i> educational benefits, on-base military housing or a military housing allowance, combat pay, benefits from flexible spending arrangements (e.g., cafeteria plans), foreign income exclusion, or credit for federal tax on special fuels.	\$
Money received, or paid on your behalf (e.g., bills), not reported elsewhere on this form. This includes cash support you (and if married, your spouse) received in 2020 from a friend or relative (other than your parents , if you're a dependent student). Report the amount if it isn't reported elsewhere on the FAFSA already. If someone is paying your rent, utility bills, etc., while you attend school, include the amount of that person's contributions, unless the person is your parent whose information is reported on the FAFSA. Also include money that you received from a parent or other person whose financial information isn't reported on this form and that isn't part of a legal child support agreement. This also includes distributions to you (the student beneficiary) from a 529 plan that is owned by someone other than you or your parents (such as, your grandparents, aunts, uncles, and noncustodial parents) in 2020.	\$

Section C: Student Income Exclusions January 2020 – December 2020	Amount
Education credits (American Opportunity Tax Credit or Lifetime Learning Tax Credit) from IRS Form 1040 Schedule 3 - line 3.	\$
Child support you PAID because of divorce or separation or as a result of a legal requirement. Do not include support for children living in your household, as reported in the household size question on the FAFSA.	\$
Taxable earnings from need-based employment programs, such as Federal or state Work-study and need-based employment portions of fellowships and assistantships.	\$
Student grants and/or scholarship aid reported to the IRS in your adjusted gross income. Includes AmeriCorps benefits (awards, living allowances and interest accrual payments), as well as grant or scholarship portions of fellowships and assistantships. Note: This is not the total amount of grants and scholarships you received in 2020 (as reported on the 1098T) - it is the taxable amount of grants and scholarships you included on your tax return. If you enter an amount here it means: 1) that you filed a federal tax return and 2) you included grants and/or scholarships as part of the income reported on the tax return.	\$
Combat pay or special combat pay. This should be zero for enlisted persons and warrant officers (including commissioned warrant officers) because your combat pay is entirely nontaxable. Only enter taxable pay that was included in the adjusted gross income. Note for Commissioned Officers: combat pay in excess of the highest enlisted person's pay (plus imminent danger/hostile fire pay) is taxable. To calculate the taxable amount , use the total combat pay from your serviceperson's leave and earnings statements and subtract the untaxed portion, which is reported in box 12 of the W-2 form with code Q.	\$
Earnings from work under a cooperative education program offered by a college. A cooperative education program is an educational system in which students may earn academic credit for career work done in their field of study (i.e. a paid internship for which you also earned credit).	\$

*The 2022-2023 FAFSA asks for your marital status as of the date the FAFSA was completed, but it asks for your income and tax return information from 2020. Therefore, your marital status may be different than it was when the 2020 tax return was filed.

What if my marital status as of the date my 2022-2023 FAFSA was filed is different than the marital status reported on my 2020 tax return?

- If you filed a joint tax return for 2020 but were no longer married when you filed the 2022-2023 FAFSA, you will need to subtract the tax and income information for your former spouse to correctly answer the required questions on this form.
- If you did not file a joint tax return for 2020, but were married or re-married when you filed the 2022-2023 FAFSA, you will need to add the 2020 tax and income information for your current spouse to correctly answer the FAFSA questions when you are answering the required questions on this form.

What if my current spouse is different from the spouse listed on my 2020 tax return?

- If you filed a joint tax return for 2020, but were married to a different person when you filed the 2022-2023 FAFSA, you will need to subtract the tax and income information for your former spouse, and then add the 2020 tax and income information for your current spouse to correctly answer the required questions on this form.

What if I am recently widowed?

- If you were recently widowed, you'll need to subtract the tax and income information for your spouse to correctly answer the required questions on this form. Please contact Student Financial Aid Services for information and options available to you if you feel the information reported no longer accurately represents your financial situation.
