Student Status column may also include inactive or graduated students.
Use the filter to set status to include only active students before using **Email All**.

Student Profile

There are two slightly different versions of Student Profile, one for advising, one for students.

To quickly determine which one you are on, check the breadcrumbs to see the menu origin (Advising or Student). Advisors with University of Idaho coursework will have access to both versions, but generally students only see the student version and advisors can only see the advising version. This guide covers the Advising version, but also contains a view of the student version so you can see what options they have.
