---

### Last Day of Class

Good luck to the E23s on their final exams, wishing everyone the best of luck... and cue summer break!

**Details:** June 14<sup>th</sup>

---

## UPDATES & REMINDERS

## Graduation Recap

Congrats to the E20s for GRADUATING! We can't wait to see the amazing things Idaho's newest physicians get up to. Thank you for choosing us to spend the past four years of your education with.

Here's to the next chapter of medical education, residency!

## New Look for the Vandal Health Clinic

The Vandal Health Clinic will be operated by Idaho WWAMI and U of I's Division of Student Affairs in Fall 2024!

The clinic will become a teaching clinic – the first higher education medical teaching clinic in North Idaho – providing clinical training opportunities for our medical students while providing on-campus health care to University of Idaho students.

With this teaching clinic, our medical students will have the opportunity to gain clinical experience under the supervision of medical professionals within the WWAMI program. The clinic will continue to operate as a full-range primary care clinic.

We're hiring for the Vandal Health Clinic! We're on the hunt for a [Medical Director](#). Anyone who is interested may apply on the UIdaho faculty [job portal](#).

### Staff/Faculty Shoutout

Congratulations to our Dean, Jeff Seegmiller, for making the 50 Most Influential in Idaho this year! Keep an eye out for his highlight in the Idaho Business Review on July 19<sup>th</sup>.

## About Idaho WWAMI

Idaho WWAMI was established in 1972 as part of the University of Washington School of Medicine's cooperative five-state medical school that serves Washington (Seattle and Spokane), Wyoming, Alaska,

Montana and Idaho (WWAMI), giving students living in the Northwestern United States access to high-quality, cost-effective medical education. Students who enter the program are enrolled in the University of Washington School of Medicine and complete their Foundations Phase (18 months) of medical school in their home states. In Idaho, the Foundations program is located at University of Idaho in Moscow and admits 40 students per year.

## Communication

Stay in the loop on all things Vandal Medicine and Idaho WWAMI (trust us, there's always something) by following us on Instagram, Facebook, Twitter and LinkedIn at [@vandalmedicine](#). The **Vandal Medicine Newsletter** will be released monthly. As always, if you have any questions, please email us at [wwami@uidaho.edu](mailto:wwami@uidaho.edu).
