2024 Impact

The UI Extension, Lincoln County office worked with local community members to determine program needs for the future.

4-H in Lincoln County

Twelve Lincoln County youth participated in the rifle shooting sports project in 2024. Practices were held once a week beginning in April and continuing through July. A county contest was held before the Lincoln County Fair, and each youth participant showed great improvement over the summer. A few of the youth participated in a district contest and one competed at the state contest, where he qualified for the national competition to be held in 2025 at Grand Island, Nebraska.

Nine youth participated in the AgRobotics program in 2024, meeting once a week May-August. Plans are underway to have a competition for this program in 2025.

A district-wide dance, and lamb and dairy education days were also held.

On the Horizon

The UI Extension, Lincoln County office is working to develop programs designed to benefit the community, as well as research projects focused on cow/calf production.
