<b>Section B: FAFSA Parent Untaxed Income Jan 2020 – Dec 2020 (Continued)</b>	<b>Amount</b>
Untaxed portions of IRA distributions or pensions from IRS Form 1040 lines (4a + 4c) minus (4b + 4d). <b>Exclude rollovers.</b> If negative, enter a zero here.	\$
Housing, food and other living allowances paid to members of the military, clergy and others (including cash payments and cash value of benefits). <b>Do not</b> include the value of on-base military housing or the value of a basic military allowance for housing.	\$
Veteran's non-education benefits, such as Disability, Death Pension, Dependency & Indemnity Compensation (DIC) and/or VA Educational Work-Study allowances.	\$
Other untaxed income and benefits not reported on the FAFSA, such as workers compensation, Black Lung Benefits, untaxed portions of Railroad Retirement Benefits, foreign income not taxed by any government, disability benefits, etc., that you received in 2020. Also include the untaxed portions of Health Savings Accounts from IRS Form 1040 Schedule 1-line 25. <b>Do not</b> include extended foster care benefits, student aid, earned income credit, child tax credit, welfare payments, untaxed Social Security benefits, Supplemental Security Income, <i>Workforce Innovation and Opportunity Act</i> educational benefits, on-base military housing or military housing allowance, combat pay, benefits from flexible spending arrangements (e.g., cafeteria plans), foreign income exclusion, or credit for federal tax on special fuels.	\$

<b>Section C: FAFSA Parent Income Exclusions for January 2020 – December 2020</b>	<b>Amount</b>
Parent education credits from IRS Form 1040 Schedule 3 - line 3.	\$
Child support your parents PAID because of divorce or separation or as a result of a legal requirement. <b>Do not</b> include support for children living in parent household, as reported in the household size of the FAFSA.	\$
Parents' taxable earnings from need-based employment programs, such as Federal or state Work-study and need-based employment portions of fellowships and assistantships.	\$
Student grants and/or scholarship aid <u>reported to the IRS in your parent's adjusted gross income.</u> Include AmeriCorps benefits (awards, living allowances and interest accrual payments), as well as grants or scholarship portions of fellowships and assistantships. <b>Note:</b> This is not the total amount of grants/scholarships received in 2020 (as reported on the 1098T) - it is the taxable amount of grants/scholarships included on the tax return. If you enter an amount here it means: 1) that your parent filed a federal tax return and 2) your parent included grants/scholarships as part of their income reported.	\$
Combat pay or special combat pay. This should be zero for enlisted persons and warrant officers (including commissioned warrant officers) because your combat pay is entirely non-taxable. Only enter the amount that was taxable and included in your parent's adjusted gross income. Commissioned officers should use the total combat pay from the leave and earnings statements of your parent(s) and subtract the untaxed portion, which is reported in box 12 of the W-2 form with code Q.	\$
Earnings from work under a cooperative education program offered by a college. A cooperative education program is an educational system in which students may earn academic credit for career work done in their field of study (i.e. a paid internship for which credit was also earned).	\$

<b>Section D: FAFSA Parent Assets at FAFSA Submittal (see next page for more info)</b>	<b>Amount</b>

\*The 2022-2023 FAFSA asks for parents' marital status as of the date the 2022-2023 FAFSA was completed, but it asks for parental income and tax return information from 2020. Therefore, marital status may be different than it was when the 2020 tax return was filed.

## ***What if my marital status as of the date my student's 2022-2023 FAFSA was filed is different than the marital status reported on my 2020 tax return?***

- If you filed a joint tax return for 2020 but were no longer married when your student filed the 2022-2023 FAFSA, you will need to subtract the tax and income information for your former spouse to correctly answer the required questions on this form.
- If you did not file a joint tax return for 2020, but were married or re-married when your student filed the 2022-2023 FAFSA, you will need to add the 2020 tax and income information for your current spouse to correctly answer the FAFSA questions when you are answering the required questions on this form. ***Make sure your new spouse's demographic information is included on your student's FAFSA.***

## ***What if my current spouse is different from the spouse listed on my 2019 tax return?***

- If you filed a joint tax return for 2020, but were married to a different person when your student filed the 2022-2023 FAFSA, you will need to subtract the tax and income information for your former spouse, and then add the 2020 tax and income information for your current spouse to correctly answer the required questions on this form. ***Make sure your new spouse's demographic information is included on your student's FAFSA.***

## ***What if I am recently widowed?***

- If you were recently widowed, you'll need to subtract the tax and income information for your spouse to correctly answer the required questions on this form. Please contact Student Financial Aid Services for information and options available to you and your student if you feel the information reported no longer accurately represents your family financial situation.
