

Kaity Bass - Accountant

7 October 2022

Kaity has gone above and beyond when I have been in crunch time at the end of the month. She is always happy to help even when her department is severely understaffed and the work I am doing at the last minute goes to her next. I wouldn't be able to meet the month-end deadlines without her and super appreciate her! Thank you for everything you do for me, my department and the university!

Travis Gray - Financial & HR Business Analyst

Travis is always willing to help and still picks the phone up when I call, even though I know he is probably groaning on the other end. He helps me brainstorm ideas on how to get information I need and will go above and beyond to help when I'm suck. He is my go-to guy when I'm at a loss. Thank you so much for everything you do for me, for my department and the university!
